

Welcome to Hamburg!

Dear everyone, welcome to Hamburg! Did you know that Hamburg actually has more bridges than Venice? Have you ever tried a "Franzbrötchen"? Dipped your toes into the Elbe? In order to make your stay here as nice as possible we collected a few local recommendations for you...

Getting around the city...

The easiest way to explore Hamburg is by bus or train. The best way to find the right connection is to use the hvv app. You can buy tickets directly online or at the ticket machine next to any train stop. For all activities in the city area A/B is the right fare.

Special recommendation: With a hvv day ticket you can also use the ferry and experience Hamburg and its harbor from the waterside.
