Dear Sir

Did you not print any titles of pages
and indices for your Book Collection
to be taken when bound in volumes?
If you did, please to return a copy
of them for me.

To write up this list, we can
use the Manuscript Catalogue arranged by
Bellington and if required I
will take more of Savall's high
prices, only for such look, when
in town, when I have or I
have not of them.

The James Bellington has
made an edition of the 10th Chamber
Book, with English notes. Have you

Dear Sir,

In your readings I do you must
be clear with some information
about the late and the Leeds?

Do you know where was the
Difference between them? Why
likely the Leeds was the

best of the other. But I do
not know whether your father has
a Leeds printed and a
curiosity at the same time, or
Did your father remember
some thing of it?

Yours truly,

quantity I don't want any more
in Boston, only write him to have
the copy of you on any Leeds
matter which can present itself.

I received the letter of Mr. H. Newman
the 10th day, well to be clear with
to his brother, any Leeds
and you shall be at liberty
you will be very welcome to
send it to me and release me

Dear Sir
Yours very truly
A. H. Newman

As I have enclosed you have the
list of the great works of Handel
taken out of the catalogue of
him, and as ~~before~~ which you kindly for-
warded to me. I must add many
of the songs arranged by Galt for
me, consulting the catalogue I sent
you, also by which may possibly be
your Sunday form only a part of
this extensive collection.

I need not to say that I do not
wrest your word "You must certainly
know" differently in the subject of
the matter for you will perceive
by the two enclosed notes ^{that} ~~from~~ that

of the transaction of exchange with her

the Govt's arranging to form money

so much to get.

All that is said I trust as mere
